WashTec
ArtCollection

SoftCare[®] EvoR

SoftCare Evo Reverse gives you full performance and high functionality at a reasonable price:

- Economical system for 400 washes or more per month
- Top class manufacture and finishing
- The latest, low-maintenance technology
- Top washing and drying results
- Turn your machine into a work of art with individual design options

Get more from a technological and innovational edge

→ Make your car wash stand out from the crowd with attractive machine designs. There are 7 attractive designs to choose from! For more details go to: www.washtec.de.

→ SofTecs® and SofTecs² wash gently without abrasion. For a high-sheen finish and results that are sure to please even the most discerning customer.

Top washing and drying result for a satisfied regular clientele

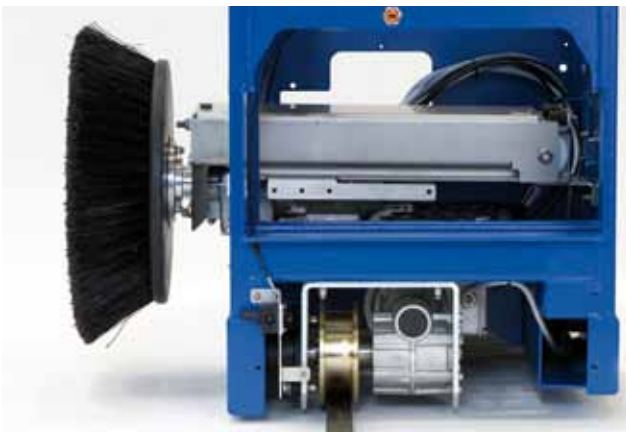

→ Tilting roof nozzle for better drying results.

→ Microprocessors keep the washing elements at the ideal distance from the vehicle at all times. For effective all-round cleaning.

Top quality for reliability and long life

→ Wheel washer in stainless steel: non-corroding and robust.

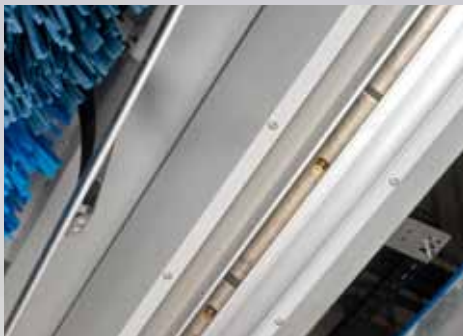

→ The side-brush carriage is driven by a frictional wheel and is maintenance-free.

Technical advantages, from which your business can only profit

**Constant contact pressure –
extremely safe**

↑ Precise measurement and **control regulates the correct, safe distance to the vehicle**. The washers work with **constant contact** at all times. Optimum, contour-tracking drying is performed on the basis of the contour data stored during washing.

**All-round
high-pressure –
perfect prewashing**

↑ The optional, **contour-tracking high pressure unit** ensures **effective prewashing close to the vehicle**. Large particles of dirt are rinsed away with gentle power.

**Ideal speed –
more customer
confidence**

↑ The travel and lift drives are **frequency controlled for a soft and smooth start** and **variable speed control**. There is less stress on the components, the machine runs smoothly and customers experience the gantry car wash as safer.

Adjustable side washers – complete wash, clean all over

↑ During washing, the **side washers** are **inclined** automatically at an angle matching the shape of the vehicle. This **ensures an excellent washing result on all shapes of vehicle**.

EVO R BASIC

Tilting roof nozzle – clean drying

↑ The optional **roof nozzle** in the **tilting design** improves the **drying result on the vehicle's front and rear**.

Permanent self monitoring – reliable control

↑ The machine **monitors the main components permanently**. Thanks to self-diagnostics, faults can be avoided before they happen, **thereby minimising downtimes**.

Your options for increasing business

Gentle prewash

OUR TIP: Integrate the pre-wash in all your washing programs and increase your average wash price.

→ Utilise the pre-wash options to improve washing results. You can choose between loosening techniques, such as insect removers, or hot foam and various high-pressure variants to remove the coarse dirt before the main wash.

Wheel washer

→ Motorists notice clean rims. Utilise large-diameter wheel washers, the rim-spraying system, or integrated high pressure for cleaning, and keep your customers satisfied.

Under-body washing

→ Under-body washing is much in demand in winter and spring. Create an additional offering with systems mounted on or under the floor, or rigid, segment-controlled systems.

Waxing programs

→ Waxing programs take care of both vehicles and turnover. Use cold wax, hot wax, foam wax, intensive conservation, foam polish or special wax programs to upgrade your program range, and to increase your average price.

ProfitManager

NEW!

→ You can manage one or more systems simply and conveniently with the ProfitManager administration software. Creation of statistics, administration of prices, programming of wash cards and customer administration are only a few of the capabilities that the ProfitManager puts at your disposal.

Over 200 marketing items now available online

NEW!

www.carwash-shop.com

→ Car wash marketing: THE option for higher car wash sales. Choose professional advertising with tried-and-true materials from WashTec.
