

LETTER OF RECOMMENDATION

Based on a tender procedure for construction of an archiving racking system, held at the beginning of 2015, Telenor Bulgaria had business relations with Euromarket Kary AD for the period June-September 2015 when they constructed a large capacity racking system for 39,000 archiving boxes, size 270/360/290 mm.

All requirements for design, delivery and assembly were duly met and the shortest possible deadlines fixed by Telenor Bulgaria were strictly kept.

Euromarket Kary AD found appropriate solutions to Telenor Bulgaria particular needs and offered beneficial terms which makes them a preferred partner in future.

With the present reference Telenor Bulgaria expresses satisfaction with the Euromarket Kary AD performance and could recommend them as a loyal and reliable supplier of racking systems.

Validity of the letter of recommendation: One year

Date: 29/02-2016

Bjorn Rakkenes
Sourcing and Logistics Director
